Demo scena 1980-1992. E-H

Eery

Darkwave sastav **Eery** djelovao je upredratnom periodu kada je snimio demo za pjesme Male crvene djevojke i Svijet je najljepše mjesto kojima je u februaru 1991. zastupljen na kompilaciji Killjoy male diskografske kuće Black and White Tapes koja je dva mjeseca kasnije prestala sa radom.

Enola Gay

Sarajevski punk sastav **Enola Gay** djelovao je sredinom osamdesetih godina. Sačinjavali su ga Ališer Sijarić, vokal, Sejo Kovo, gitare, Igor Čamo, klavijature, Dušan Duco Vranić, bubnjevi i Davor Dojčinović, bas, a često su svirali u CDA. Jedino što se može naći na You Tube jeste remiks koji je Davor Dojčinović napravio u Americi, po sjećanju, inspiriran radovima davnog i gotovo zaboravljenog benda. Srećom, neki su članovi i danas prisutni na bosanskohercegovačkoj i regionalnoj glazbenoj sceni kao svirači, producenti i kreativci, kakvi su bili još u ranoj mladosti.

Festival

Grupa **Festival** nastala je 1984. godine u sastavu Dražen Galić Škodra, gitara i vokal, Vladimir Nicenko, gitara, Denis Jogunčić, bas i Olivier Tomeček, bubnjevi. Legenda kaže da je Škodru Zlaja Arslanagić zvao da se pridruži Crvenoj jabuci (za koju je svakako bio isuviše nekonvencionalan) što je ovaj odbio izlikom da je bolje da postoje dva benda. Teško je zamisliti Crvenu jabuku sa Škodrom, zadojenim novim primitivizom, punkom i težnjom da izgradi osoben izričaj. Njegovi tekstovi su bili gorki i udarali su u glavu, pjevanje odlično, a melodijske linije kreativne i osebujne. Nastupi Festivala su bili svirački energični i prava je šteta da bend pun autorskog potencijala nema barem jednu ploču. Za utjehu, nekoliko pjesama („Honey hi", „Ona zna (da ti priča polako)", „Neron") uveliko je nadživjelo matični sastav koji se nesretno raspao i prije ratnih dešavanja.

Fobia

Grupa **Fobia** djelovala je pred sami početak rata i stigla se nekoliko puta pojaviti na tada aktualnoj i naklonjenoj mladim sastavima TV Sa. I glazbeno i tekstualno mračna, zvukom atipična za Sarajevo, obećavala je mnogo. Djelovalo je da su Amir (vokal i gitara) i Edo (bas) čvrsto zagrizli u rock stvaralaštvo. Obilazili su radio stanice, dijelili snimke i stekli simpatije alter-orijentiranog fanzina Vibro. Kao i mnogi drugi sastavi, početkom rata Fobia prestaje sa radom, a basist Edin Hrenovica uskoro će postati jedna od okosnica grupe Lezi majmune.

Fokus

Sarajevska pop grupa **Fokus** sudjelovala je dva puta na festivalu „Nove nade nove snage" (1990. i 1991. godine). Karakterizirali su ju pitki aranžmani i solidna usviranost ali nije bila dugog vijeka.

Futur II

Grupa **Futur II** nastala je 1986. godine u sastavu vokal – Roman Đuranović, solo i ritam gitara, tekstopisac i kompozitor – Mirsad Alagić, bas gitara – Darijo Bojanić, klavijature – Kenan Zahirović/Nađa Hadžić i bubnjevi – Nermin Alagić. Bend je svakog petka nastupao na zajedničkim svirkama sarajevskih demo bendova u CDA. Na jednoj od njih, došlo je do spontane saradnje s pjevačem i frontmanom grupe Mamurni golubovi, Almirom Lemešom, koji im je jedno vrijeme pjevao prateće vokale. U 1987. godini, Futur II je došao do finala festivala „Nove nade, nove snage" nakon čega je nastupao sa zagrebačkim Aerodromom, te riječkim grupama Fit i Let 3. Na Crvenom karanfilu (generacija '68.), nastupalo je više demo bendova kao uvertira za nastup grupa Đavoli i EKV. Futur II je bio pobjednik takmičarskog dijela večeri, te je, zajedno s grupom Major, predstavljao Sarajevo na YURM-u u Zagrebu. Ovo je bio vrhunac koncertne aktivnosti benda. Svoj posljednji nastup bend je imao u CDA na koncertu „Soldatski bal" koji je organiziran kao ispraćaj u vojsku generacije rođene '68. nakon čega je bend prestao postojati.

Gimpel luda

Post-punk/new wave grupa **Gimpel luda** postojala je sredinom osamdesetih tokom nekih sedam godina, a njenu su okosnicu činili Goran Obradović i Borislav Boro Savić. Legenda kaže da je u nastanak ovog sastava svoje prste umiješao Branko Vrdoljak i da je zapravo inicijativa bila njegova. Zapažen nastup grupa je imala u Zagrebu, na YURM-u, maja 1985. godine. Postojeći snimci uglavnom su iz 1986. godine kada je pripremljen demo materijal. Kako Goran više nije među živima, Boro se posljednjih godina prihvatio osuvremenjivanja starih pjesama, pa ko ih je propustio u doba sastava Gimpel luda ima priliku da ih čuje u novom ruhu. Novi snimci odlično zvuče.

Grafit

Sarajevska rock grupa **Grafit** nastala je početkom devedesetih godina. Okosnicu benda su činili Bakir Hadžiomerović, Jasmin Vesnić i Samir Fočo. Bakir je radio sjajne tekstove, Jasmin prelijepu muziku, a aranžmane su zajednički kreirali. Kako je period najintenzivnije aktivnosti i kreativnog zamaha bio za vrijeme rata, tako ćemo o ovom sjajnom, jedinstvenom sastavu više govoriti na nekoj od narednih izložbi Ex-Yu Rock Centra.

Gustav bend

Mnogočlani **Gustav bend** bio je aktivan na sarajevskoj demo sceni koncem osamdesetih godina. Sačinjavali su ga Haris Aljević, vokal, Mensur Jačević, prateći vokal, Milenko Paunković, gitara, Dino Brutus, bas, Predrag Parađina, bubnjevi, Eldar Aličehajić, klavijature i Sandra Komnenić, klavijature. Bend je zastupljen na Diskotonovoj kasetnoj kompilaciji „Nove nade nove snage" iz 1989. godine pjesmom Rusija.

Hamerika

Zenički novovalni sastav **Hamerika** činili su Aleksandar Hucal, violina, Emir Halac, bubnjevi, Mladen Džomba, gitara, Roba, bas i Kaja, klavijature. Svirali su u periodu 1984.-6. i nastupili na festivalu „Nove nade nove snage". Bili su pod velikim utjecajem zvuka beogradskog novog talasa. Snimili su 10 pjesama.

Holivud

Zenički pop-rock sastav čestog imena **Holivud** djelovao je u predratnom periodu. Sudjelovao je na festivalu „Nove nade nove snage" 1991. godine, ali od tada se za njega više nije čulo.

The darkwave band **Eery** was active in the pre-war period when it recorded a demo with the songs "Little Red Girl" and "The World is the Most Beautiful Place", which were included in February 1992 on the Killjoy Compilation of the small record company Black and White Tapes, which ceased operations two months later.

The Sarajevo punk band **Enola Gay** was active in the mid-eighties. It consisted of Ališer Sijarić (vocals), Sejo Kovo (guitars), Igor Čamo (keyboards), Dušan Duco Vranić (drums) and Davor Dojčinović (bass). The band often played at CDA. The only material that can be found online at the moment is a remix that Davor Dojčinović made in the USA, which is inspired by the works of a long-ago and almost forgotten band. Fortunately, some members are still present today in the BiH (and regional) music scene as musicians, producers and creative individuals as they were in their early youth.

The band **Festival** was formed in 1984 by Dražen Galić Škodr (guitar and vocals), Vladimir Nicenko (guitar), Denis Jogunčić (bass) and Olivier Tomeček (drums). According to a legend, Škodra was invited by Zlaja Arslanagić to join Crvena Jabuka (for which he was certainly too unconventional), which he refused with the excuse that it would be better to have two bands. It is difficult to imagine Crvena Jabuka with Škodra, fed by the new primitives, punk and the aspiration to build a distinctive expression. His lyrics were bitter and thought-provoking, his singing was excellent, and his melodies were creative and distinctive. The performances of the Festival were energetic, and it is a real shame that a band with such creative potential does not have at least one record. As a consolation, several songs ("Honey hi," "Ona zna (da ti priča polako)" [She Knows (That You Speak Slowly), "Neron" [Nero]) have greatly outlived the original band, which unfortunately broke up even before the war.

The group **Fobia (Phobia)** was active right before the war started and managed to appear several times on TV Sarajevo, which favored young contemporary bands. The band seemed to be perspective with its dark music and lyrics, with a sound atypical for Sarajevo. It seemed that Amir (vocals and guitar) and Edo (bass) had a firm grip on rock music. They toured radio stations, shared recordings and gained the sympathy of the alter-oriented fanzine Vibro. Like many other bands, at the beginning of the war, Fobia stopped its activities and bassist Edin Hrenovica soon became one of the backbones of the group Lezi majmune (Lay Down Monkey).

The pop group **Fokus** from Sarajevo participated twice in the "New Hope, New Strength" festival (in 1990 and 1991). It was characterized by easy-to-listen arrangements and a decent performance, but it did not exist for long.

The group **Futur II** (Future Second [as in grammar]) was formed in 1986 with Roman Đuranović (vocals), Mirsad Alagić (solo and rhythm guitar, songwriter and composer), Darijo Bojanić (bass), Kenan Zahirović and Nađa Hadžić (both on keyboards) and Nermin Alagić (drums). The band performed every Friday at joint gigs of Sarajevo demo bands at CDA. On one of them, there was a spontaneous collaboration with the singer and frontman of the group Mamurni Golubovi (Hungover Pigeons), Almir Lemeš, who sang backing vocals for a while. In 1987, Futur II reached the finals of the "New Hope, New Strength" festival, after which they performed with Aerodrom from Zagreb, and Fit and Let 3 from Rijeka. Several demo bands performed at the event Crveni karanfil (Red Carnation – generation of '68). as an overture for the performance of the groups Đavoli and EKV. Futur II was the winner of the competition part of that evening, and together with the group Major, represented Sarajevo at YURM in Zagreb. This was the peak of the band's concert activity. The band had its last performance at CDA at the "Soldatski bal" ("Soldiers' Ball") concert, which was organized as a farewell to the generation of those born in 1968 who were leaving for their mandatory military service in the Yugoslav People's Army (JNA). The band subsequently ceased to exist.

The post-punk/new wave group **Gimpel Luda (Gimpel the Fool)** existed in the mid-eighties for about seven years, and its backbone consisted of Goran Obradović and Borislav Boro Savić. The legend says that Branko Vrdoljak had a hand in the creation of this band and that it was actually his initiative. The group had a notable performance in Zagreb, at YURM, in May 1985. The existing recordings are mostly from 1986, when the demo material was prepared. Since Goran is no longer alive, in recent years Boro has taken up the task of modernizing old songs, so those who missed them during the time of Gimpel Luda have the opportunity to hear them in a new light. The new recordings sound great.

The rock group **Grafit (Graffiti)** was formed in the early nineties in Sarajevo. The core of the band was Bakir Hadžiomerović, Jasmin Vesnić and Samir Fočo. Bakir wrote great lyrics, Jasmin wrote beautiful music, and they created the arrangements together. As the period of the most intense activity and creative momentum was during the war, more about this great, unique band will be featured at future exhibitions of the Ex-Yu Rock Centar.

The multi-member **Gustav Band** was active in the Sarajevo demo scene in the late eighties. It consisted of Haris Aljević (vocals), Mensur Jačević (backing vocals), Milenko Paunković (guitar) Dino Brutus (bass), Predrag Parađina (drums), Eldar Aličehajić (keyboards) and Sandra Komnenić (keyboards). The band was represented on Diskoton's cassette compilation "Nove Nade, Nove Snage" from 1989 with the song "Rusija" ("Russia").

The new wave band **Hamerika** from Zenica consisted of Aleksandar Hucal (violin), Emir Halac (drums), Mladen Džomba (guitar), Roba (bass) and Kaja (keyboards). They played in the period 1984-1986 and performed at the festival "Nove Nade, Nove Snage". They were heavily influenced musically by the Belgrade new wave scene and recorded 10 songs.

A pop-rock group from Zenica called **Holivud (Hollywood),** a name often found among bands, was active in the pre-war period. It participated in the festival "Nove Nade, Nove Snage" in 1991, but since then it has not been heard from.
